Image List

Dino-Lite

WIRELESS DIGITAL MICROSCOPE

Wireless

Versatile

Quality

With improved system design and technology, the Dino-Lite Edge 1.3MP AF series is an all-in-one device with adaptable interface which designed to meet most professional application

Dino Lite AF series

Adaptable Interface

High Optical Resolution

Extended Depth of Field (EDOF)

1.3 Megapixels

Flexible LED Control (FLC)

Interchangeable caps

Extended Dynamic Range (EDR)

Measurement Software

Automatic Magnification Reading (AMR)

Adjustable Polarizer

AF4915ZT + WF20

Wireless and wired solution
Enhanced 1.3MP EDGE camera sensor
Adjustable polarizer (Anti-reflection)
20x ~ 220x magnification
Automatic Magnification Reading (AMR)
Extended Depth of Field (EDOF)
Extended Dynamic Range (EDR)

AF4515ZT + WF20

Wireless and wired solution
Enhanced 1.3MP EDGE camera sensor
Adjustable polarizer (Anti-reflection)
20x ~ 220x magnification
Automatic Magnification Reading (AMR)

AF4115ZT + WF20

Wireless and wired solution
Enhanced 1.3MP EDGE camera sensor
Adjustable polarizer (Anti-reflection)
20x ~ 220x magnification

** Special lighting and Long Working distance camera are available too **
